

Maher Alhammoud

Sr. Software Developer

Ontario, Canada
+1 (613) 572-0808
ma8h7er@gmail.com

Dedicated and results-driven software engineer with over 10 years of experience in web development, strategic planning, and project management. Throughout my 10+ year career as a software developer, I have focused on developing scalable, high-quality, well-documented code. I enjoy working collaboratively but can also run projects independently. Passionate new technologies learner. Excited to apply my skills in mentoring and proactivity to drive innovative ideas.

EXPERIENCE

RBC - Royal Bank of Canada, Burlington, ON — *Lead Software Developer*

May 2023 - PRESENT

Work with the RBC Payedge teams to develop scalable, high-performance, and modern APIs using the microservice architecture on Azure and AWS cloud platforms. Implement Java-based (Spring Boot) APIs for security and payment processing, PHP on Laravel for web-based apps, and Node.js/Nestjs for payment tracking and real-time analytics.

Creative Guild, Hamilton, ON — *Sr. Software Developer*

March 2021 - April 2023

- Build highly scalable distributed solutions and ensure application performance, uptime, and scale, maintaining high standards of code quality and thoughtful application design.
- Work with agile development methodologies, adhering to best practices and pursuing continued learning opportunities.
- Skills: Java Spring Boot, Node.js, Laravel 7+, Angular, VUE, MySQL, AWS, Streaming, and real-time apps.

Codak, London, UK — *Software Developer*

May 2016 -October 2020

- Worked on web apps for project management, events management, and catering systems.
- Skills: Laravel, Codeigniter, JQuery, MySQL, Nodejs.

Overseas Real Estate, Istanbul, Turkiye — *Web Developer*

January 2011 - April 2016

- Building a new web portal from scratch to connect real estate developers with brokers and clients.
- Skills: PHP, MySQL, JQuery.
